- ✓ Program can create THOUSANDS of DOLLARS in *New Profits*
- ✓ Controlled usage cost with a precise ONE CLIP attendant application or easy cashier hand-out
- ✓ Not oily like liquid and paper soaked air fresheners, which can easily harm dashes, carpets and interior areas.
- ✓ Cleaner application and easy to handle (dry to touch)
- ✓ Patented Airflow Design™ Creates Instant Fragrance
- ✓ Provides continuous fragrance
- ✓ State-of-art polymer technology awarded 3 U.S. Patents
- ✓ Economical - one clip required
- ✓ Discreet modern look is much cleaner
- ✓ Vapor barrier container keeps clips fresh indefinitely
- ✓ Wonderful fragrances, better than the competition

Why the Ventsations Brand Vent Clip? (See back cover)

"Using Ventsations has lowered and controlled our usage significantly. We just couldn't control the paper air fresheners that stick together, and we love the Ventsations fragrances."

*Tyson Milner, General Manager, Fast Lanes of America
Customer since October 2008*

"The overwhelming customer response is the customers like Ventsations much better than paper. Many comments are "the scents seem to last longer". They like the style, that it clips to the vent and is not on the floor under the seat, and that it is easier to handle and to move. The employees agree and as an owner I like that it is much easier to handle, the clips do not stick together and employees do not grab two, three, or four and throw the whole bunch under the seat, increasing my costs".

Joe Reding, Owner, Car'l B. Klean Car Wash

"We offer Ventsations with our top package wash, and our extra sales of it have really surprised me. After our giveaways, our sales are larger than what we paid, so we make a nice profit too. And customers love it, one saying it is her favorite part of coming to my wash. "
